FINANCING/LEASING OPTIONS

Alfalfa works closely with financing/leasing companies Vista Pay, Quick Spark, and Navitas, to assist salon, barber and spa owners purchasing equipment with a minimum purchase of \$5,000 based on the information from your credit application. Shipping Charges

Your shipping/handling fee is determined by the parcel's weight and destination. Value is also considered for insurance purposes only. Some orders are shipped in multiple parcels. If you wish to be contacted with the total of your order prior to shipping you must make the request in the comments box during the checkout process.

UNITED STATES

- All orders are subject to shipping costs. We will choose the best and most cost effective way to ship your products.
- Shipping company is used whenever possible. However, should your order exceed UPS size or weight limits, "Truck Delivery" will be selected to speed delivery to you.
- For truck delivery on items that require extra shipping and handling charges, drivers will usually only provide tailgate delivery (the driver will bring the merchandise to the tailgate of the truck, but won't assist you in bringing the merchandise inside)
- Furniture shipments are a lot bulkier and take longer to deliver than would normally be expected.
- We also offer specialized freight delivery services. If you request these services, you'll receive more information about these special deliveries and their charges before your order is shipped. If your order requires extra shipping and handling charges, an Alfalfa Nail Supply Representative will call you to confirm the charges.
- Orders shipped outside the 48 contiguous states to Hawaii and Alaska by ground are subject to the carrier's normal delivery time. You can always choose to expedite your order next or second day air with additional costs. However, The U.S. Department of Transportation restricts orders containing hazardous materials from being shipped by air.

INTERNATIONAL

- Shipment outside the continental United States (including Hawaii and Alaska) are subject to the international carrier's shipping rate. An additional hazardous material fee will be incurred as set forth by the international freight lines' regulations. You may choose to expedite your order by air. All rates are variable and estimates given with each individual order. With the exception of Hawaii and Alaska, shipping costs are billed directly to you by the carrier.
- Duties, taxes, VAT and import costs are not included in the cost of delivery. These fees are set and charged to you by the country of destination, based on the shipment value and class of goods. These costs are billed directly to you by the carrier.

ADDITIONAL UPS CHARGES

- Any expedited shipping, oversized items, and furniture will incur an extra charge.
- UV Light bulbs, fixtures, Large Window Art, Regal Wall Decals - \$20 extra for shipping and handling per package.

- Please be aware that shipments via UPS are significantly faster, are easily traced should they go astray, and have a guaranteed delivery time. Shipments sent via US Postal Service can take much longer to reach their destination and cannot be tracked.
